**INTELLIGENT
WORKSTATION**

envoy
MOBILE EHR WORKSTATION

○ What do nurses want in their workstations?

● *"Nothing should stand between me and my patient – including the monitor."*

● *"I can't stop to recharge batteries."*

● *"I need something easy to steer."*

● *"I want a simple user interface."*

● *"I need a workstation that remembers my personal settings."*

● *"I need a simple way to quickly alert IT support team there is a problem."*

● *"The workstation should be easy to disinfect."*

enovate
MEDICAL

FOCUS YOUR ATTENTION. MOVE WITH EASE. STAY CONNECTED.

ENGAGE YOUR PATIENT

With the SightLine™ arm, your monitor lays flat when pulled forward allowing a clear line of sight.

GET MORE DONE

Large desktop work surface for med prep that includes spill prevention and is easy to clean.

TYPE WITHOUT STRAIN

The slide out keyboard has tilting ergonomics and tucks away for med bin access.

STAY CHARGED FOR YOUR ENTIRE SHIFT

An easy swap of the MobiusPower™ battery pack allows you to recharge in six seconds.

TRAVEL EFFORTLESSLY

Totally re-engineered base redistributes the weight reducing nursing fatigue.

enovate
MEDICAL

TOUCH-READY

The intelligent user interface is upfront with the handle for quick action on key tasks.

ONE-TOUCH HEIGHT ADJUSTMENT

Electronic lift automatically moves to your personal sit and stand positions with a single finger tap.

STEER WITH EASE

AutoTrax™ Casters follow your lead automatically engaging for straight-line travel.

THE ENOVATE ENVOY IS THE ANSWER TO IMPROVING CLINICAL WORKFLOW AND STAYING FOCUSED ON THE PATIENT

UNINTERRUPTED PATIENT CARE

With the MobiusPower Battery System, the Envoy never needs to be parked for recharging.

BUILT FOR PATIENT ENGAGEMENT

Envoy's unique SightLine™ monitor arm allows eye-to-eye contact while typing in the patient record.

DESIGNED TO REDUCE USER FATIGUE

The Envoy's redesigned power supply reduces the weight and the AutoTrax casters glide with ease.

MULTIPLE MEDICATION DELIVERY PROTOCOLS

The Envoy works with nurse fill, pharmacy and robotic fill with cassette exchange.

Medication bin and storage drawers are configurable in two-tier and four-tier models

ADVANCED ECOFLEX™ POWER SYSTEM

With the flexibility to go cordless or corded, the standard system increases battery life while the hybrid version works with any PC.

STAY CONNECTED WITH RHYTHM

Rhythm allows you to have personalized user settings, locate available workstations, submit repair tickets and monitor battery health.
