STRONGARM® healthcare
CleanMount™

CleanMount's internal cabling eliminates cable clutter, and its smooth, rounded surfaces offer superior cleanability.

Precise ergonomics and durable construction make CleanMount optimal for all hospital and point-of-care applications.

CleanMount arrives pre-cabled, fully assembled, and installs in minutes!

UV Sterilization Approved

Limited Lifetime Warranty

- **Antimicrobial Finish**
- **Ergonomic Design**
- **Durable Construction**
- **Industrial Grade**
- **Customizable Options**
- **Easy to Install**

CleanMount™

CleanMount features a fully enclosed pre-cabled passageway eliminating external cable clutter, and its smooth, non-porous surfaces are ultra-cleanable. Multiple pivot points and vertical articulation allow CleanMount's monitor and keyboard to be quickly and easily repositioned to achieve optimal ergonomics for each user. Durable, cast aluminum construction makes the CleanMount exceptionally suitable for hospital, healthcare, clean room, and point-of-care environments where cleanliness is vital.
