

BADGEHUB + EPIC TRACK INTEGRATION

Issue IDs. Track Activity. Stay Connected.

BadgeHub and EPIC Track work together to combine identity issuance with real-time event tracking. Organizations can issue secure ID credentials while tracking attendance, movement, or participation with EPIC Track's mobile event-tracking platform.

This integration helps organizations quickly identify people, easily manage credentials, and track engagement or attendance from anywhere.

KEY BENEFITS

One System for Identity and Tracking

- Issue credentials with BadgeHub and track participation with EPIC Track using a seamless integrated workflow.

Issue Badges Instantly

- Create and issue physical ID badges directly from BadgeHub in seconds.

Fast Event Check-In

- Use EPIC Track's mobile scanning tools to quickly check people in and out of events, facilities, or operations.

Real-Time Visibility

- Know who is present, when they arrived, and where they checked in.

Simpler Workflows

- Eliminate duplicate systems and manual tracking by integrating identity and event management.

HOW IT WORKS:

STEP 1: Import or Create Cardholder Records

- BadgeHub pulls in user information from an HR system, SIS, or other database via CSV import or direct integration.

STEP 2: Capture and Enroll Identity Details

- Capture photos and update cardholder information using the BadgeHub client on a phone, tablet, or PC.

STEP 3: Issue the Credential

- Print a physical badge directly from BadgeHub.

STEP 4: Track Participants with EPIC Track

- Use EPIC Track's mobile scanning tools to check individuals in and out of events, locations, or operations.

STEP 5: Real-Time Identity Verification

- EPIC Track scans the issued credential and references the identity information associated with that record.

STEP 6: Gain Visibility and Accountability

- Organizations gain real-time insight into attendance, participation, and personnel movement during events or operations.

IDEAL FOR:

- Emergency Response Teams
- Corporate Events
- Conferences & Training Programs
- K-12 Schools
- Higher Education
- Membership Organizations
- Print a physical badge directly from BadgeHub.

When identity and tracking work together, everything runs more smoothly. BadgeHub and EPIC Track make it easy to issue credentials and know exactly who is present when it matters most.

By combining BadgeHub's identity and badge-issuance platform with EPIC Track's mobile tracking capabilities, organizations can issue credentials and track people

in real time through a single streamlined workflow.

Know who's there when it matters.

BadgeHub and EPIC Track connect identity issuance with mobile tracking to help organizations manage people, events, and operations with confidence.
