

Mobile Solutions® EPIC Track Print Kiosk Temporary ID Issuance

The EPIC Track Print Kiosk *with Temporary ID Issuance* is an all-in-one unit designed to perform temporary student IDs, quickly and with complete accountability, when students forget to bring their ID card to school. Staff may search for the student's record, validate their identity by referencing the photo on screen, and print a dated temporary ID from the kiosk station on an adhesive label in seconds.

EPIC Track
Print Kiosk

A Simple Solution That Provides High Value at an Affordable Cost

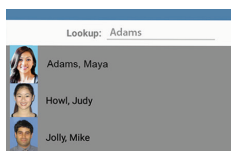

The EPIC Track Print Kiosk *with Temporary ID Issuance* offers schools an extremely user-friendly, affordable solution that supports their identification and accountability program. Students who arrive at school without their ID card, can quickly receive a temporary student ID label that includes the student's barcode allowing them to be scanned and tracked into events (classroom attendance, lunch meal plans, field trips, athletic games, etc) and provides visual validation just like their plastic ID card.

EPIC Track Print Kiosk: *Temporary ID Issuance* How the System Works

The solution consists of an integrated thermal printer, built-in kiosk tablet, and EPIC Track Temporary ID App. The system is designed to create and issue temporary ID card labels:

1

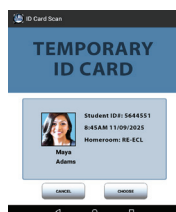

Search for Student Record

Use the lookup feature in the EPIC Track Temporary ID App to search for a student record.

2

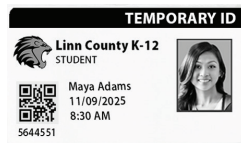

Confirm Student Record Selection

Once record is selected, click the confirm button to complete your selection.

3

Automatic ID Label Printout

A temporary ID card will automatically print the student's ID on an adhesive label they can wear that day.

EPIC Track Temporary ID App

- Cloud hosted software.
- Tracks data in real-time.
- Check status of temp IDs issued to students.
- Generate reports on ID issuance history.

Kiosk Tablet

- Touch screen operated.
- Screen size 4.25" w x 6.75" h.
- Android operating system.

Thermal Printer

- Prints automatically upon record confirmation.
- Prints Images, barcodes, fields of color & text in black & white.
- Prints to thermal paper or labels.

Watch a Demonstration!

Scan to watch how schools can use the EPIC Track Print Kiosk to perform temporary student ID issuance in seconds with greater accountability and effective, cost-efficient data management. It's ability to automate and print temporary IDs on the

spot, makes the EPIC Track Print Kiosk a valuable solution for forgotten student ID cards!
